

RF EXPOSURE LAB, LLC

LAB REPORT DECLARATION

Who it may concern ...

According to our Lab test on Test TYPE S.A.R ("Specific Absorption Rate" of radiation) testing we found out that the Product under the name "THE SHIELD " that sticks on the back area on any cell phone is working and can reduce Cell phone Radiation up to 90%. Also the S.A.R ("Specific Absorption Rate" of radiation) test was made on both Head Exposure and Body Exposure and both had positive test results of reducing the radiation exposure from the head and from the body.

Note : The product under name THE SHIELD can Reduce SAR ("Specific Absorption Rate" of radiation) from any cellphone that are in the industry no matter of Brand or manufacture.

Thank you
Lab Report SAR.20090901

A handwritten signature in black ink, appearing to be "JM" with a large flourish.
